## Walking boots

Traditional leather, plastic, lightweight boots and approach shoes can all be resoled to restore their original performance. Manufacturers' sole units from **Brasher**, **Berghaus**, **Scarpa**, **Zamberlan**, **Lowa**, **Danner** and others are used together with the extensive **Vibram** range.

All repairs are dealt with promptly.

In addition to simple resoling we can undertake a **Refurbishment** which includes (where necessary) new soles, new footbeds, replacement of up to 2 D-rings or lace hooks (through linings), new laces, waterproofing and any minor stitching repairs.

After resoling, the new materials will require a degree of bedding in and it is advisable to break them in steadily before prolonged use.
